Support our awards

Sponsorship is now open for our prestigious awards which recognise and celebrate those who have gone above and beyond to promote gender balance and diversity across the nuclear sector.

We have a range of sponsorship packages available. All packages will be allocated on a first come first served basis with priority given first to our corporate members.

Our awards event takes place on the evening of Wednesday Tuesday 16th May 2023 in Manchester

Securing a package

All of the packages provide excellent opportunities for you to demonstrate your support of WiN UK and to raise your own brand profile. To book, please complete the form below and for more information contact

events@womeninnuclear.org.uk or call **0161 877 7693**

Sponsorship opportunities

Award sponsor £2,000 +VAT
(5 opportunities available)

Champion of the year - This award recognises a person who has been visible, supportive and influential across the nuclear sector in building recognition of the importance of gender balance and diversity.

Ally of the year - This title will be awarded to a man in the nuclear sector who is going beyond the day job to improve gender balance and diversity. Together, everyone, no matter what their gender, has the power to address the gender balance issue in our industry.

Mission possible - This award recognises someone who is tenacious in their mission to make change happen. As an individual they are working behind the scenes to make a vital difference through their actions and words and by being determined in their mission. As a result, they can be the catalyst for great change through continued effort, passion and conversation.

Charter signatory of the year - WiN UK developed an Industry Charter to help organisations focus on the activity that can improve diversity and gender balance. Over 60 organisations have already signed up to WiN UK's Industry Charter.

Regional Innovation - This award was introduced to provide recognition for those working regionally to promote gender balance in the nuclear industry. Teams, businesses or organisations who may be small in stature but are big in changing the culture of our industry to be more inclusive and specifically to address gender balance.

This package provides an opportunity for:
